

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.3.4 Education outreach activities beyond campus

Walailak University is offering a comprehensive program on Batik creation. It covers design, production, and marketing, with practical training open to the public in Nakhon Si Thammarat province. This program suits those transitioning to a professional career or refining existing skills. It's a 5-day course for 30 students, blending theory and hands-on learning in Sichon District, Nakhon Si Thammarat. The goal is to equip participants with expertise for a successful Batik career and income generation.

"Batik Cultural Heritage Knowledge Transfer Project: Nurturing the Design and Development of Batik Products"

17.2.1 Relationships with NGOs and government for SDG policy

"Walailak University, in collaboration with the Nakhon Si Thammarat Provincial Cultural Office, the Center for Non-Formal Education and Informal Education (Sichon District), and the Batik Fabric Entrepreneurs Group, is dedicated to imparting knowledge in the field of batik product design and development. We are committed to providing a conducive environment and necessary materials and equipment for all students to engage in authentic learning, extension, and education that fosters sustainability within the community."
